

## About RDA Pilbara

RDA Pilbara is governed by a cross-regional committee with diverse skills and expertise. RDA Pilbara has long-term established networks across the region and is an important conduit to and from the Federal Government on the region's economy and activities, and Federal Government programs and initiatives.

## Settlement services in the Pilbara

Supported by the WA Department of Training and Workforce Development, RDA Pilbara is providing free of charge Settlement Services in the Pilbara to assist newly arrived migrants in the area, particularly in the first 12 months of settlement in the region, to participate as soon as fully possible in Australia's economy and society.

### The service will include:

- face-to-face or online meetings;
- telephone service; and
- a walk-in service

and a 'hands-on' case management function to newly arrived migrants for the first 12 weeks of their relocation to the region.

### These services will:

**IMPROVE CONNECTIONS** for migrants with essential services

**CREATE** a sense of welcoming and belonging

**EXPAND** a migrant workers' network

**CONTRIBUTE** to attracting and retaining migrants in regional areas
